## FACT SHEET 2019

### THE MISSION

Established in Singapore in *April 2006*, SIR Move Services is a moving company that continues to build a business based on integrity and trust. With a firm belief that 110% attention to the technicalities involved in moving is an expected pre-requisite, it is these strong building blocks that have served as a foundation for their mission which is, **to ensure that the delivery of their services comes with consistent quality of exceptional standards at every level and in every move.**

### MANAGEMENT CAPABILITIES

### COMPLETE MOVE SOLUTIONS

SIR provides Complete Move Solutions for all International, Domestic and Commercial moves.

They include, Storage and Insurance, MOVEPREP™, MOVEBUTLER™, MOVEDETOX™, MOVEConcierge™, MOVEPET™.

The introduction of *MOVEPREP™* in the first year of operations has enabled SIR to differentiate its service offerings resulting in *MOVEPREP™* becoming a Unique Selling Point. *MOVEPREP™* is a systematic methodology designed to help customers better plan and prepare for their move. This proven approach and methodology eliminates all the grey areas as a *MOVEPLAN* is generated for every relocation.

### THE DIFFERENCE THAT IS SIR

Founders Charlie Scott and Shyla Mathews credits the growth and development of their company to their hardworking and loyal team, many of who have been with them since SIR's incorporation in 2006. According to Chief Operating Officer and Founder, Shyla Mathews, "What is exceptional to SIR is the sum of our people and their collective attention and commitment to each relocation. There are many things we do that come naturally as a result of experience or instinct. We are determined to ensure that you are never alone in your journey. The dedication has no end; at all times we are present to offer advice, a listening ear and a lending hand. That is the difference that is SIR MOVE".

## **WOW! A SERVICE COMMITMENT**

The “WOW” effect is a service commitment undertaken by SIR Move to demonstrate how the company values their internal and external customers. This top-down approach forms the core of all communication and it’s a mindset and attitude that is cultivated through service and quality movements and activities organized throughout the year.
